The weatherman heeded our last year's request during the past summer season almost on a daily basis, which not only greatly improved the grass, but also kept the lawn mowers humming. Although this may have been more than they bargained for, G. Munro and relatives kept up with the maintenance admirably. All in all, the cemetery looked better than it had for a number of years.

Some filling, reseeding and fertilizing was performed, as well as pruning of trees. We hope to do

more thorough tree maintenance in the coming season. Procurement of a chain, to be used between the new gate stones, is still on the agenda.

DALAND MEMORIAL LIBRARY

An Egyptian reader browsing through the first known library in the 21st century B.C. had his choice of a lively collection of stone tablets — not the sort of thing one took lightly.

Mont Vernon readers in the 20th century may have weaker arm muscles, but their brains are far less limited. Available to them is a fine collection of classic and contemporary literature, easily portable and appealing to all tastes.

In the budget it will be noted that there are two sums called “electric lights.” These figures have caused some confusion among the citizenry. The light bill is actually paid by the Daland Trustees, but since the Public Service Company of New Hampshire prefers its money monthly, the Town Trustees pay the bill 12 times a year and are reimbursed by the Daland Fund annually. In the past this event occurred in May, even though the fiscal year ends in December. Starting in 1968 this payment will be made in December, and from now on you will just have to take the auditors’ word that it all works out right.

The Library is not all facts and figures, as was shown last February when a group of residents organized a fascinating and noteworthy program, “The Age of Rembrandt.” The Librarian and Trustees participated, but special mention goes to Mrs. Jan Havinga, Mrs. Don Cheever, Mrs. Phoebe Flory and Mrs. Anita Andrews.

In closing we will quote from one of our predecessors, Will Woods, whose words are as relevant today as they were 40 or more years ago when he wrote them: “The most potent factor in shaping the living and the destiny of human-kind are the spoken and the written word . . . You, citizens, tax-payers and friends of Mont Vernon have laid a cornerstone which is a foundation upon which will rest the future up-building

of children's children . . . There can be nothing better or greater."

We concur.

REPORT OF POLICE CHIEF

During the year 1967 the following complaints were received and acted on accordingly:

Accidents	30
Assault	4
Motor Vehicle Violations	2
Suspicious Persons	3
Accidents resulting in Personal Injury	10
Juvenile Complaints	1
Malicious Damage	7
Larceny	4
Speed Warnings	36
Dog Complaints	7
Care of Stray Dogs	5
Dog Damage	3
Missing Person	1
Trespassing Complaints	1
Stolen Cars	2
Breaking and Entering	10

This year, as last year, there has been even more of an increase in Breaking and Entering and Malicious Damage to property. We cannot caution you enough to report anyone that seems to be of a suspicious nature either walking or driving around town. According to an ordinance passed by the Selectmen in 1956 all bicycles in town, used on the highways, are supposed to be registered. The young owners enjoy having their plates on their "wheels," and it is better protection against stolen bicycles. Bicycles will be registered this year on the first Saturday in April at the Fire Station.

The service of the Communications Center is a valuable asset and aid to the town in the protection of persons and property, and we wish to take this opportunity to thank them for all their aid. We also wish to thank the State Police and the Police Forces of the

surrounding towns for all the aid they have rendered us during the past year.

ROLAND E. CHRISTIE, JR.,
Chief of Police

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, and other financial records of the Town of Mont Vernon, and find them correctly cast and properly vouched for, for the fiscal year ending December 31, 1967.

WILLIAM G. PLUMMER,

MONT VERNON FIRE DEPARTMENT

Prevention is your best fire protection. The proper way to summon the Mont Vernon Fire Department is to call 673-3131 which is the Milford Communications center. They are equipped to sound the Mont Vernon fire alarm.

During 1967 your department responded to 18 calls. The only serious damage was to the Staiti house on Hazen Road.

For the first time I am happy to report that most of your firemen are now equipped with protective clothing.

We wish to thank the Mont Vernon Red Cross very much for the resuscitator which they have purchased for the fire department.

Paper left in the box at the fire station is greatly appreciated.

We urge you to be fire conscious at all times.

Report of the Forest Fire Warden and District Chief

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 a.m. — 5:00 p.m. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ashtray.

MONT VERNON BEAUTIFICATION COMMITTEE

Report of Chairman — 1967

The outstanding event of the year has been the bequest from the estate of Brian and Jean Long. The bequest, made to the Town, increases Trust Funds by \$9,000. Only the income from that amount may be used for beautification of the Town. The principal remains intact under the management of the Trustees of the Trust Funds. Those funds have been and are so well managed by the Trustees that, in the future, cash available for beautification projects of the committee is expected to be more than trebled. This increase is a matter of much appreciation and gratitude.

Activities of the Committee during the year 1967 consisted mainly of two projects:

The Couples Club generously offered plantings of trees which were available at the state forestry department. Vernon Wilkins and others accomplished the plantings.

The wall at the Hardwood Road side of the Town Hall lawn, as planned by the Committee in 1966, was completed. Costs were met by Committee funds augmented by a contribution of \$150 from Duncan Funds by the Selectmen.

At the annual meeting, July 11th in the Selectmen's Room, the Committee, believing the term "self-perpetuating" intends the choice of its own membership, re-elected the incumbents as follows:

C. A. Bardwell, Chairman
Dora L. Edwards, Secretary-Treasurer
Walter N. Thompson
George Munro
Keith Pomeroy, representing the Selectmen

Suggestions as to alterations of membership on this group will be thankfully received, keeping in mind the provision that one member shall be one of the Trustees

of the Trust Funds and one member shall represent the Selectmen, ex officio.

Respectfully submitted,

C. A. BARDWELL,
Chairman

MONT VERNON SCHOOL BOARD

The 1967-68 school year has been a year of transition. We have grown from a rural school with a very slowly changing enrollment to a rapidly expanding school faced with greater increases in the immediate future. One has but to observe the relentless march of housing along the old Amherst road toward our town to realize the potential growth we face. Current projections made by the School Board predict a Grade 6 enrollment figure of 150 or greater by 1971-72 school year, a short four years from now. In addition, compulsory kindergarten is being debated in Concord and may add 20-25 more students to this figure. Your School Board is proposing a temporary 5-year plan to meet the housing needs of this growth. It is also studying the long range needs and will be calling upon the townspeople to participate in this planning through various study committees.

Providing a staff of teachers and support people is a major problem facing any School Board today. The era of the dedicated, underpaid, conscientious teacher has passed. Today our staff must be drawn from the young graduates who ask "What does Mont Vernon offer me in professional and financial advancement?" Your School Board, in cooperation with the Superintendent's office has been attempting to answer this question. This year, in addition to salary, we are offering fringe benefits enjoyed by many in private industry, including hospitalization and professional advancement payments. The professional advancement payments reimburse, within limits, the expenses which a teacher may incur in qualifying for more advanced degrees. This continued education is of benefit to the teacher and the Mont Vernon school district.

The current school year has seen the implementation of a new approach to elementary education, the "ungraded class" in grades 3-6. This program has not

been without its difficulties and faults as in any new program. It is the goal of the Mont Vernon School Board and the Superintendent's office that as the difficulties are resolved, the present program will result in a superior education for the students in Mont Vernon.

This school report would not be complete without special mention of the citizens who contributed time and effort, a precious commodity in a busy world, to the School Advisory Committee. Their report has been previously distributed and their two major recommendations incorporated in the budget and warrant. The School Board also wishes to thank the citizens who have taken of their own personal time to appear at School Board meetings to offer constructive criticism and suggestions for the improvement of the current program. We have listened and incorporated many of these suggestions.

MONT VERNON SCHOOL DISTRICT REPORT

Change has been the dominant theme at the Mont Vernon Village School this past year. New personnel, increased enrollment, building space adjustments, a revised program pattern and careful study of imminent and future needs, all have contributed to this theme.

Retirement and relocation by key personnel, along with increased student population, shaped staff needs for 1967. Mrs. Elizabeth Crouch, grade two teacher, was the lone member of the instructional staff to return. We are grateful for her continued devoted service. Miss Pauline Woods continued to make a significant contribution in her capacity as school nurse, and Mr. Samuel Hanscom, school custodian, sustained his fine effort in maintaining the school building and grounds in the best possible fashion. Remaining instructional staff and service positions were assumed by personnel new to the Mont Vernon School.

Mr. Harold Lorenz was appointed principal and assigned to teach Arithmetic and Social Studies in Grades 3-6. Mrs. Phyllis Courage was assigned to teach Grade 1, Mrs. Ruth Trundy to teach Reading in Grades 3-6, Mr. George Marineau to teach Language Arts and Science in Grades 3-6, and Miss Candace Beach to instruct Art and Music in Grades 1-6. In addition, Mr. Richard Cardner became the Union No. 40 Guidance Director; Mrs. Charlotte Saxe began her duties as Speech and Hearing Therapist for Union No. 40, and, in a newly-established position, Mrs. Lillian Barton became the first Union-wide Reading Consultant. We sincerely appreciate the efforts and accomplishments of all these people in meeting the inherent challenge of their positions, in addition to coping with the challenge of adjustment to a new situation.

Enrollment figures increased from 98 students, one year ago, to 112, at the outset of this school year. Aside from its obvious effects on staff needs, noted above, the

increased student population required a further building space adjustment. To provide an additional, needed teaching station, a temporary partition was constructed to divide the previous Grade 1 room. The results provided two barely adequate classrooms, one of which continues to serve Grade 1 and the other established as an Arithmetic-Social Studies room for Grades 3-6 students. What in 1965 was a three-room school house now serves as a five-room structure, with little or no potential for further expansion or housing additional students.

To provide the best possible program for the children, it was necessary to make the most effective use of the talents of the staff members and existing building facilities. The organizational pattern chosen provided for two self-contained classrooms for Grades 1 and 2, with a non-graded, departmentalized approach in Grades 3-6. The latter organization provides an opportunity for children to work at their ability levels, particularly in Reading and Arithmetic. In other subjects, where a group of children is studying the same topic at the same time, the teacher should provide an opportunity for some children to study and explore the topic in greater depth than others, according to abilities. Teachers are assigned to subject areas based upon background strengths; the children, therefore, move from teacher to teacher for certain subjects.

This program is being guided and evaluated through the use of curriculum guides provided by Union No. 40, consultant observation and evaluation from the State level and from within Union No. 40, periodic standardized achievement testing, supplemental reading and subject matter testing and study and research of similar programs.

Increasing enrollment, dated facilities and mounting demands of a modern educational system all clearly emphasize the need for thoughtful study, but early de-

cisions on the immediate and future direction of the educational system in Mont Vernon. Alternatives are being prepared for the School District Meeting. These alternatives will be prepared as a result of contributions by the interested citizens of the District, School Study Committee, Staff, Administration and School Board members. Through this cooperative effort, we trust that the best possible course will be determined.

SYNOPSIS OF SCHOOL MEETING March 8, 1967 – Mont Vernon, N. H.

The annual Meeting of the Mont Vernon School District was opened at 4:21 P. M. by the Moderator, George D. Kittredge. The Warrant was read, and the polls were opened for voting on Articles 1 through 5.

At 7:33 P. M. the voting was suspended and the Meeting called to order by the Moderator. The Salute to the Flag, led by Police Officer Carl Toreson, was followed by prayer offered by Reverend Weible.

The Warrant having been read at the 4 o'clock opening of the Meeting, and hearing no objection to not reading its entirety again, Article 5 was taken up. Mrs.

Dorothy Smith moved that as Article 5 was incorrectly labeled and that the auditors were printed on the ballot, we accept the result of the ballot as cast by the voters. Motion was seconded and passed.

Article 6 – To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officer or agent of the district. Mrs. Dorothy Smith moved that we pass over this article and act on it with Article 11. Motion was seconded and passed.

Article 7 – To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto. Mrs. Maria Havinga moved to accept all reports as printed in the 1966 Town Report. Motion was seconded and passed.

Article 8 – To choose committees in relation to any subject embraced in this warrant. Mrs. Dorothy Smith moved to pass over this article and consider Article 9, as this was the only committee to be chosen. Motion was seconded and passed.

Article 9 – To see if the district will vote to raise and appropriate the sum of \$75.00 to defray the costs of a school study committee which will be appointed by the School Board. The Study Committee will investigate the following areas: present facilities, future requirements and projected revenue sources. All recommendations are to be submitted to the School Board by October 30, 1967. Mrs. Dorothy Smith moved to accept Article 9 as printed. Motion was seconded and passed. Mrs. Smith announced the Study Committee as follows: George D. Kittredge, Charles A. Miville, Paula Pestana, Carl Toreson and Robert Straw.

Article 10 – To see if the district will vote to raise and appropriate the sum of \$6,960.00 as a deficiency appropriation. Mrs. Dorothy Smith moved to accept this article as printed. Motion was seconded and passed.

Article 11 — To see what sum of money the district will vote to raise and appropriate for the support of the schools, for the payment of salaries for school district officials and agents, and for payment of the statutory obligations of the district. Mr. Robert Naber moved to accept the budget of \$117,483, which includes \$75 for the Study Committee and \$6,960 as a deficiency appropriation. Mr. Joseph Devine moved to take up the budget item by item. Motion was seconded and passed. Having a favorable vote on the budget item by item as presented, Mrs. Virginia Harcovitz moved to accept the budget as printed. Motion was seconded and passed.

Article 12 — To see if the district will vote to authorize the School Board to make application for and accept on behalf of the district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source. Mrs. Maria Havinga moved to accept the article as printed. Motion was seconded and passed.

Article 13 — To see if the district will vote to approve the position of Business Manager for Union No. 40 and accept State Aid for that position. Mrs. Maria Havinga moved to accept the article as printed. After discussion, motion was seconded and passed.

Article 14 — To see if the district will vote to accept the provisions of Title I, Public Law 89:10. Mr. Robert Naber moved to accept the article as printed. After discussion, motion was seconded and passed.

Article 15 — Mr. George Carleton moved that the names of all persons receiving salaries or wages from the School District be printed in the Town Report next year and each year thereafter. Mr. William Plummer amended the motion "That the individual amounts

be printed that each person received." The amendment was seconded and passed. The amended motion was seconded and passed.

Miss Dora Edwards moved that the Town Reports be available one week before the first meeting. Motion was seconded and after discussion passed.

Mr. Walter Kilian moved that we give a rising vote of thanks to Mrs. Elizabeth Scully and Mrs. Margaret Clark, who are retiring in June. So voted. As neither teacher was present the Clerk of the School District was instructed to inform them of the complimentary action.

There was discussion on holding School and Town elections on the same day. Mr. Charles Coughlin moved that the School Board study the feasibility of having the voting and meeting on the same day. Motion was seconded and passed.

Mrs. Virginia Harcovitz moved that we give a rising vote of thanks to the School Board, which was unanimously done.

Hearing no other business, the suspended action on Articles 1 through 5 was taken up again at 8:55 P. M. allowing all who had not had a chance to vote to do so. At 9:05 P. M. it was moved and seconded that the polls be closed, and so voted.
